- EPSRC -

*additional speakers TBC*

## 5th Annual IeMRC Conference

The vision of the IeMRC is to be the UK's internationally recognised provider of world-class electronics manufacturing research. It will focus on sustaining and growing high value manufacturing in the UK by delivering innovative and exploitable new technologies through its highly skilled people and by providing strategic value to the electronics industry.

The annual IeMRC Conference is your opportunity to interact with leading academics and industrialists from the UK electronics community.

Further information is available on our website:  
**[www.iemrc.org](http://www.iemrc.org)**

**If you would like to present a poster of your work please let us know in your registration request**
